Front End developer, Web designer

EXPERIENCE**O2****SKILLS****LEVEL****O4****Web Designer [Freelance]**

08.2021 - Present

I was working mostly with clients from USA, Germany and Australia. I have experience designing landings, multipage websites and even mobile apps for e-commerce.

Total number of clients - 58

Front-End developer [Freelance]

12.2023 - Present

As soon as I'd finished my Front-end courses (from GoIT), I immediately started working on some small projects as a freelancer. I mostly used native JS and some additional libs, however, I'm open to new things like Vue and React

Web Designer [VIZORSUN]

09.2022 - Present

VIZORSUN is a company that produces tanning creams and other skin care products, based in New Jersey. They used to be my regular client on Fiverr. But we enhanced our cooperation, so that I formally became their designer

I mostly was working on their website redesigns and some branding features

Graphic Design Mentor [GOITEENS]

12.2023 - Present

As graphic design mentor, my main duty is to provide students with a comfortable environment for learning new skills, by giving regular feedbacks and explaining each step of the process in detail
